Professional Experience

- **Orcas Consulting Ltd.** — Raglan, New Zealand
  Software Engineer Intern — *Nov. 2025 – Feb. 2026*
  - **Project Support**: Supported project delivery through effective task coordination and clear communication. Documented processes and reported issues clearly for team collaboration.
  - **AI-Assisted Troubleshooting**: Leveraged AI tools (Replit, GitHub Copilot, ChatGPT) to accelerate problem-solving and improve efficiency.
- **Manulife / John Hancock** — Makati, Philippines
  Full Stack Software Engineer & Scrum Master — *Aug. 2021 – Sept. 2024*
  - **Team Coordination & Scrum Master**: Served as acting Scrum Master for a cross-functional team of 10+, facilitating sprint planning, daily stand-ups, sprint reviews, and retrospectives. Improved team delivery velocity and alignment through effective Agile ceremonies and clear communication. Managed team coordination and removed blockers to ensure timely delivery.
  - **Coordination & Communication**: Managed stakeholder communications and client correspondence professionally. Coordinated cross-functional teams and facilitated meetings. Maintained organized documentation and records for internal processes.
  - **Documentation & Reporting**: Prepared reports, presentations, and correspondence for stakeholders. Achieved 99.99% data accuracy through meticulous attention to detail. Authored clear technical documentation for non-technical audiences.
  - **Project Support**: Supported project delivery through task coordination and timeline management. Collaborated with product management and support teams to translate requirements into solutions.
- **Denso Ten Solutions** — Pasig City, Philippines
  Software Quality Engineer — *Aug. 2018 – July 2021*
  - **Documentation & Reporting**: Authored comprehensive documentation and system configuration guides. Reduced troubleshooting times by 40% through clear documentation. Organized and maintained test documentation, records, and quality reports.

- **Technical Troubleshooting**: Identified, documented, and tracked software defects using Eclipse and system log tracking tools, providing clear feedback to developers for timely resolution.
- **Client Communication**: Communicated with international clients and prepared technical reports in Japanese. Supported team onboarding through comprehensive training materials.
- **Quality Coordination**: Managed defect tracking and reporting processes with clear documentation. Collaborated with cross-functional teams and participated in progress reporting.

Additional Experience

- **McDonald's, Auckland** (Nov 2024 – Present) - Part-time Team Member while completing Master's studies. Developed strong reliability, teamwork, and customer service skills in a fast-paced environment.

Education

- **Future Skills Academy International** — Auckland, New Zealand
  Master of Applied Management; Major in Business Information Systems — *Oct. 2024 – Apr. 2026*
